Veterans Mental Health Advisory Councils have the unique and challenging task of building, maintaining, promoting, and facilitating recovery-oriented practice, serving as Recovery Champions and consultants to other Veterans, their families, and all levels of the mental health care system. The purpose of the Council shall be to provide a forum for members to express their views and opinions, without fear of reprisal, regarding VA mental health services, and to assure that all Veterans have access to the highest quality of these services available to them, both at the Department of Veterans Affa
