July 17th 2018: Tax: The New MVP in Finance!

The buzz: "Tax technology is emerging as one of the most important enablers of effective tax department design and delivery" (kpmg.com). What's keeping your company's Tax office awake at night? Global and US tax reform, transfer pricing regulation changes, reinvigorated tariff regimes, changes in VAT and GST regulatory reporting requirements – requiring deeper digital tax management proficiency than ever before. How to get a good night's rest? The Tax office needs to catch-up on key technologies – machine learning and intelligent reporting tools – and fast. The experts speak. Chris Carlste
