January 15th 2019: The Emergence of the Freelance WORKFORCE

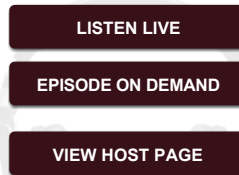

We are in the 4th Industrial Revolution and we are facing rapid change in the way we work and the kinds of work we do. Our workforce is experiencing more changes than ever before, with economic transformation driven by new technologies, automation, a global economy and changing consumer behaviour. It is expected in the US that freelancers will make up the majority of the workforce by 2027 and also worldwide. In the UK, France and the Netherlands, freelance growth has outpaced overall employment growth. The number of freelancers doubled between 2000 and 2014, making them the fastest gro
