**December 15th 2010: Cymatics: Insights into the
Invisible Realms of Creation**

For the past 25 years, Jeff Volk has been popularizing the science of Cymatics, which demonstrates through simple physics experiments how “inert” matter can be “animated” into life-like flowing forms by the unseen forces of vibration. The implications of these experiments are vast and have inspired profound insights into the hidden realms of nature in many who have seen them. These insights pertain not only to our world at large, but also in deeply personal ways to the subtle realms of human nature, which are often just as mysterious. Jeff’s penetrating poetry springs from pondering how these
