July 27th 2011: Working Towards a Greener and Healthier British Virgin Islands and the Benefits of Sustainable Living with Clean, Renewable Energy

Charlotte McDevitt, Executive Director of GreenVI.org, is working towards a vision of a green, clean, healthy and prosperous British Virgin Islands. Since 1995 trash on Tortola has surged from less than 10,000 tons to close to 40,000 tons. Charlotte explains why due to the nature of Tortola they must burn trash and what is being done to reverse that trend. Twice a year for a few days the incinerator has to be shut down so that people could scrape off the internal walls melted glass. Charlotte explains how with the help of businesses, Islanders are rallying to recycle and reuse glass. This i
