February 14th 2012: Family caregivers, oral hygiene and dental healthcare systems

Dr Carlos Quiñonez, dentist and researcher, is Director of the Specialty Training Program in Dental Public Health, Faculty of Dentistry, University of Toronto. Julie DiNardo, dental hygienist, has an independent dental hygiene office. They say why oral hygiene so important for people who are living at home with health challenges for which there is no medical cure, and describe the things that family caregivers do to promote oral hygiene for family members who cannot fully care for themselves, and why it matters that family caregivers can effectively promote their oral hygiene. They describe t
