April 24th 2013: Complete Analysis of Boston Massacre black op, new currency choices after the collapse of the dollar and creating a economy of equality

It be quickly evident to Dr. Newton and Sarah Gazala that the Boston Marathon Massacre was a false flag operation to distract the American public about crucial development within the USA govt. This is tied to the impending collapse of the dollar as a viable currency and recent indictments of very high current and past govt. officials. When you hear who these officials are, it might blow your mind. In this vein, we will discuss currency alternatives to the fractionalized dollar including bitcom and other electronic currencies and also using precious metals as a backing for currency and also the
