September 6th 2012: The Mind: The "Ultimate
Frontier"**

Eldon Taylor asks "What if?" He poses questions you think may not have answers and encourages us to find the answers for ourselves. One of the great minds of our times, Taylor will talk about his work and share with us some "mind blowing" information about - the mind. As the inventor of the patented InnerTalk technology and the founder and President of Progressive Awareness Research, Inc, he has been called a "master of the mind." Taylor will tell us why he considers the mind the "ultimate frontier" and talk about how we can use its power to help "realize our personal best."
