On the day of this broadcast the California Senate hearing on SB809 will be heard yet again and with any objectionable provisions now removed, it is expected to take a baby-step towards saving the lives of our loved ones. Hear the journey of the CURES bill from Senator Mark DeSaulnier who has worked tirelessly to save so many from addiction, overdose and death by tracking dangerous prescriptions that are ending up in the wrong hands. We are joined by April Rovero who learned firsthand how the important information in the CURES system is used to prosecute dirty doctors like the one who killed

April Rovero
April retired from Lucent Technologies as a National Program Management Director in 2001 after a 30 year career in telecommunications. She has a Bachelor of Science degree in Business Administration and a Masters Certificate in Program Management from Stephen's Institute of Technology. April founded NCAPDA shortly after her son Joey, a senior attending Arizona State University, died from an accidental overdose of alcohol that he mixed with medications he had been prescribed just nine days before. NCAPDA is primarily focused on prescription drug abuse/misuse prevention through community awareness education and legislative and policy change advocacy. April was recognized as San Ramon Cham
