How fun are Drones!? Now that we're finally embarking on the future with the exponential growth of drones and drone technology, what can we expect from these little guys, in and around our homes, neighborhoods and cities? As we are very much on the precipice of the drone revolution, it's difficult to really grasp the uses we can put them towards. Just like we could not guess the sheer number of apps and the many uses we put them towards on our mobile device when the iPhone first came out, similarly we can't yet get the full picture of how many ways we'll use these newly opened up 3 dimension
